1. All dimensions must be checked on site prior to the start of any building works and manufacture of fittings, ordering of materials.
2. All goods and equipment must be approved by client and project manager before purchasing and commencing on site.
3. Do not scale from this drawing.

9. Any conflicting information found on the drawing must be clarified with Design Doctor.
10. All materials and workmanship to be in accordance with relevant and current British Standards.
11. The drawing remains the copyright of Design Doctor and all drawings agreed (or all payment has been received) must be returned to Design Doctor.
12. Drawings cannot be reproduced in any form without prior written consent from Design Doctor.
13. Drawings also cannot be issued to sub-contractors without prior written consent from Design Doctor.
14. These drawings have been primarily created for a specific project.
15. These drawings are also designed to assist in project scheduling, material & labour budget analysis purposes.
16. Drawings must only be read in conjunction with the associated drawings which make up a complete set for a specific project.
17. Design Doctor's name must only be regarded as a reference (e.g. no structural engineer has been appointed by Building Control engaged).
18. They therefore must not be used for construction.
19. All building works must be carried out in accordance with current Building Control regulations and British Standards.
20. All work cannot be started until full load bearing capacity has been achieved and a Structural Certificate has been issued by independent Building Control.
