Description

Consented development site for sale

This freehold opportunity is accessed via the driveway to the left hand side of No34, and has planning to construct an attached two storey house onto the existing building and erect a further 2 x detached houses on the land at the rear all with private gardens.

Additional information provided by the sellers which should be checked before making any decisions based upon their accuracy:

Detached houses

Drainage - permission to connect to existing drain at 34, Conyers Rd will be given.

Other services - New connections are likely required.

Network Rail - it is a condition of the planning permission granted earlier this year that an agreement is made with Network Rail.

Access will be legally provided. Planning conditions state no vehicular access to homes when built.

Attached house

Drainage - as above.

Electricity - there is an extensive new supply and system in the accessible basement area of no 34. If preferred this can be tapped into to obviate the need for a completely new supply necessitating connection to the main grid in the road.
